

Proposal

Title

UniTimetable

Group members names:

Name	ID
Hasan Mohammed Ali Al-Yazidi	110038990
Mahmoud Abed	110034907
Bassam Abed	110034906

Application Description

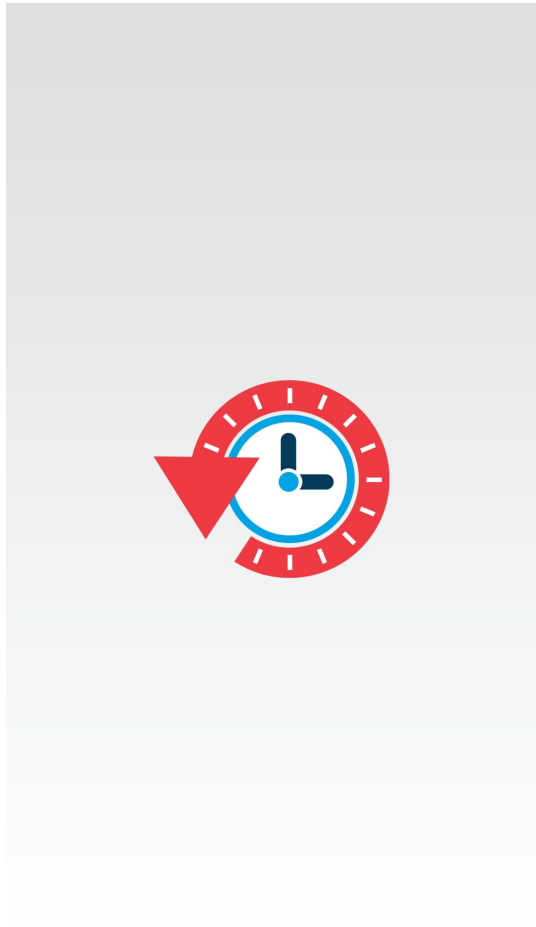

The application is a Timetable App that allows the students to save, edit and delete their timetable of their classes.

It gives the students the ability to make own profiles, take and set a picture as profile's picture and set the details of the studying such as: Major name, Student ID, Year and Semester etc...

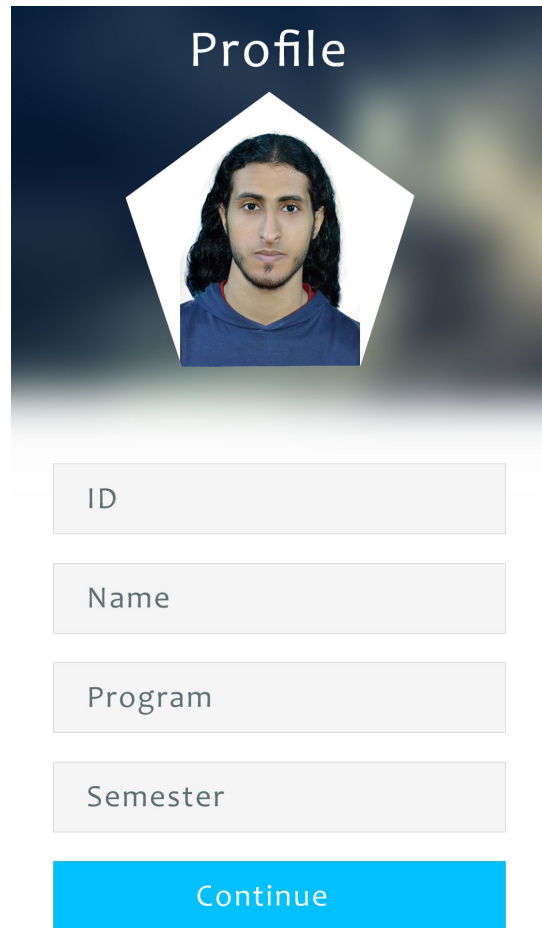

Functionalities:

- Show splash screen
- Set student profile
- Adding tables
- Show, edit, delete table
- Adding subjects
- Show, edit, delete subject

Application Design, Interaction and Interfaces

Splash

A vertical rectangular profile screen with a dark blue background. At the top, the word "Profile" is written in white. Below the title is a white pentagonal frame containing a portrait of a man with long dark hair and a beard, wearing a blue hoodie. Below the portrait are four white rectangular input fields, each with a gray placeholder text: "ID", "Name", "Program", and "Semester". At the bottom is a solid blue rectangular button with the word "Continue" in white.
